Mike,

I just wanted to take a minute to thank you for the outstanding training and guidance that you have provided us so far in our process to haul Hazardous Waste. We appreciate your interesting training demeanor and attention to detail. You have given us confidence that our program will meet all standards required of us as well as have the knowledge to run the program to the best of our ability thanks to you.

We look forward to continuing with more training with you in the near future.

Thanks again,
